Lelle Let's learn how to learn

For students and practitioners:

MOOCs and Online Courses:

How can we improve the quality of online learning and training?
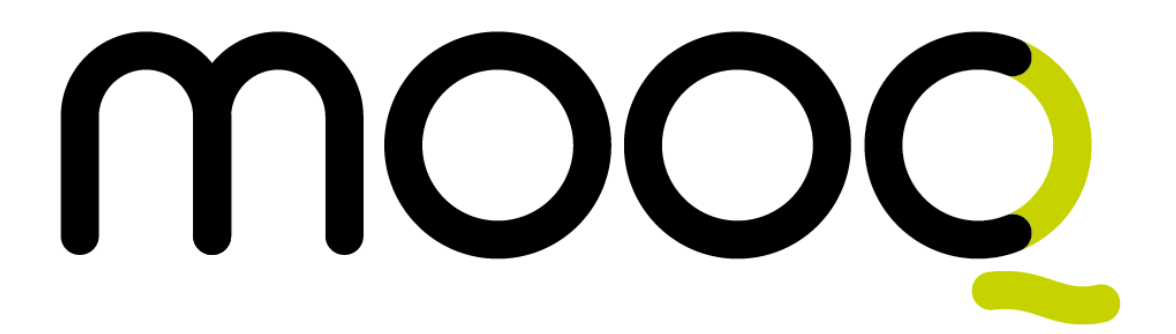

The quality of Massive Open Online Courses (MOOCs) and online training is very often questioned for good reasons:

MOOCs are lacking support, learner-orientation and focus on personal goals, leading to poor learning experiences.

Explore recent research studies, their results and exchange your ideas how to improve MOOCs and online training!

Multi-method workshop for beginners, designers and practitioners

Facilitated by MOOQ

mooq

12:30 – 13:30	**Lunch Break**
13:30 – 16:00	**Two Parallel Workshop Sessions:**

For teachers and parents:

Internet Security in Schools:

How to focus digital skills, privacy, social media and internet threats?

The Internet is changing not only our communication but also the whole society and our living together.

Challenges are arising for school teachers and parents:

How can our pupils and children learn the important digital skills for the 21st century and avoid cyber-bulling and threats in social media and the internet?

Open workshop presenting our strategy and tricks to surf safe

Facilitated by I Secure

I Secure
EMPOWERING EDUCATION SYSTEMS IN INFORMATION SECURITY

For students and practitioners:

Female Entrepreneurship:

Digital skills and businesses for future female CEOs

How can you become a successful female entrepreneur?

What are the required digital skills and competences to set up your own business in the internet times?

Discuss these questions with experts and meet young female entrepreneurs and students who want to establish their own business soon!

Come to our hands-on workshop for your future business success

**Facilitated by DIGI-FEM**
